Center City Connector Streetcar Update

Seattle Design Commission advances streetcar design

We are pleased to announce the Seattle Design Commission unanimously approved the schematic (60%) design for the Center City Connector project. You can view our

presentation here. With this approval, the project team will move forward with design development and we will be back in front of the Commission later this year with final design updates.

Check out a couple of images from the presentation below.

Upcoming outreach events

Throughout March, we continued project briefings with neighborhood groups, nonprofit organizations, businesses, and condominium homeowner associations. We provided briefings to the Belltown Community Council, Madison Tower HOA, and at the City Hall Zoning Hearing. In April, we will continue meeting with community organizations and will have project representatives at the events below. Please stop by if you are interested in learning more.

Monday, April 17, 11 AM-1 PM
Commute Seattle Transportation Fair
Central Building (810 3rd Ave)

Tuesday, April 18, 11 AM-1 PM
Commute Seattle Transportation Fair
Russel Investment Center (1301 2nd Ave)

Wednesday, April 19, 11 AM-1 PM
Commute Seattle Transportation Fair
Union Square Sustainability Fair (601 Union St)

Tuesday, April 25, 6-7:30 PM
Seattle City Light Denny Substation Open House
South Lake Union Discovery Center (101 Westlake Ave N)

Wednesday, May 3, 11 AM-1 PM
Commute Seattle Transportation Fair
Union Square Transportation Fair (601 Union St)

If you live or work along the Center City Connector streetcar route and belong to a neighborhood group, please email **centercityconnector@seattle.gov** to schedule a briefing about the project.
