

SEATTLE STREETCAR

Improving community links

We're building a modern streetcar system that will provide new mobility options, support economic growth, and strengthen connections in Seattle's densest neighborhoods.

By the numbers

- 5** total miles of streetcar line connecting Seattle's densest neighborhoods
- 4** new streetcar stations
- 7** new streetcars, meaning more frequent service
- 12** neighborhoods along the line
- 23** total streetcar stations
- 100s** of destinations
- 20,000+** anticipated system-wide ridership per day in opening year
