

CENTER CITY CONNECTOR STREETCAR

Thank you for your interest in the Center City Connector Streetcar. In this weekly update, you'll find information about ongoing construction.

WHAT'S HAPPENING NOW

- Intermittent lane closures on S Jackson St, S Main St, and S Washington St for water main construction
- Northbound long-term lane closures on 1st Ave S between S Jackson St and Yesler Way
- Westbound long-term lane closure on S Jackson St between 2nd Ave S and 1st Ave S
- Permanent parking removal along both sides of 1st Ave S between S Jackson St and Yesler Way
- Long-term temporary parking and load zone restrictions:
 - On the north side of S Jackson St between Post Alley and 1st Ave S
 - On the south side of S Main St just east of 1st Ave S
 - In the yellow-striped load zone on the north side of S Washington St just east of 1st Ave S
 - In the red-striped no parking zone on the north side of S Washington St just west of 1st Ave S
- Current construction hours are 7 AM – 5 PM weekdays
- Expect nighttime work this week, 5 PM - 7 AM
- Expect typical construction impacts such as increased dust, noise, vibration, and truck activity

What to expect the week of March 18

S JACKSON ST FROM OCCIDENTAL AVE S TO 1ST AVE S and 1ST AVE S FROM S JACKSON ST TO S MAIN ST

- Crews will continue installing the new water main and will begin installing new water services. This work requires pavement breaking and excavation.
- In addition to our daytime hours, crews will be working at night Monday through Thursday to install water service laterals across 1st Ave S. This work will require a closure between 7 PM and 5 AM of southbound 1st Ave S between S Main St and S Jackson St.
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

1ST AVE S FROM S MAIN ST TO S WASHINGTON ST

- Crews will begin installing a vault on the east side of 1st Ave S just south of S Washington St
- Crews will begin installing the new water main in this block. This work requires pavement breaking and excavation.
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

1ST AVE S FROM S WASHINGTON ST TO YESLER WAY

- Crews will be pavement breaking and excavating in preparation for water main installation
- Staging of construction materials and equipment
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

Vault installed on 1st Ave S just south of S Main St. This vault will house a valve for the new water main.

Lid for water valve vault.

Phase 2 of utility construction starts soon!

UTILITY LOCATING WORK ALONG 1ST AVE AND ON STEWART ST

As soon as March 26, crews will begin confirming the locations of underground utilities to prepare for upcoming construction. The first part of this work will require roadway excavations. Expect some parking and travel lane restrictions, and traffic detours. We'll share more information as work approaches.

ATTEND OUR UPCOMING CONSTRUCTION INFO SESSIONS

We're hosting 2 information sessions to provide multiple opportunities for people to attend. Both sessions will have the same information. Pick a date and location that work for you, then drop in to learn more.

Tue, March 27: 4:30 – 6:30 PM

Pike Place Market, Elliott Bay Room
1433 1st Ave, 3rd floor

Wed, March 28: 11:30 AM – 1:30 PM

Pike Brewing Company
1415 1st Ave

Other nearby work

NIGHTTIME SEWER WORK AT 1ST AVE AND STEWART ST

Seattle Public Utilities (SPU) contractor crews are repairing a sewer pipe at the intersection of 1st Ave and Stewart St. This work began March 14, and the contractor will return to the site later in the month to finish the project. In all, the work will take about 7 working days to complete, but it will be spaced out over the next few weeks due to the nature of the project. Work will occur at night to limit traffic impacts in the area. What to expect:

- The center northbound lane of 1st Ave near the intersection of 1st Ave and Stewart St will be closed at night when crews are working
- Traffic at the intersection of 1st Ave and Stewart St will continue to flow in all directions
- Traffic delays and parking restrictions may occur when crews are working
- Work hours are at night, Monday through Thursday, from 7 PM to 7 AM
- The area will be fully open when work is not being conducted

WORK BY PUGET SOUND ENERGY AT 1ST AVE AND CHERRY, MARION, AND COLUMBIA STREETS

Puget Sound Energy (PSE) will continue work to relocate a natural gas main along 1st Ave between Cherry and Columbia streets. This work will primarily involve laying pipe, backfilling, and paving. There will also be saw-cutting at the intersection of 1st Ave and Columbia St. In addition, crews will begin preparation work to relocate a natural gas main from Columbia St to Marion St. This work will include saw-cutting, breaking, and digging. Excavations will be covered by steel plates to allow traffic during off-construction hours.

Work hours:

- 7 PM – 6 AM weekdays
- 7 PM – 5 AM and 9 AM – 3 PM weekends
- Weekend work will take place primarily during the day. Some additional nighttime work may be necessary.

To learn more about the PSE work, visit: www.pse.com/seattlecore or call the PSE hotline at **888-404-8773, ext. 1**.

The Center City Connector will connect the 2 existing streetcar lines to move more people downtown to live, work, shop, and play. For more info or questions about construction, contact us at centercitystreetcar@seattle.gov or our 24/7 hotline, (206) 400-7578.
