

## CENTER CITY CONNECTOR STREETCAR

Thank you for your interest in the Center City Connector Streetcar. In this weekly update, you'll find information about ongoing construction.

### WHAT'S HAPPENING NOW

- Intermittent lane closures on S Jackson St, S Main St, and S Washington St for water main construction
- Northbound long-term lane closures on 1st Ave S between S Jackson St and Yesler Way
- Westbound long-term lane closure on S Jackson St between 2nd Ave S and 1st Ave S
- Permanent parking removal along both sides of 1st Ave S between S Jackson St and Yesler Way
- Long-term temporary parking and load zone restrictions:
  - On the north side of S Jackson St between Post Alley and 1st Ave S
  - On the south side of S Main St just east of 1st Ave S
  - In the yellow-striped load zone on the north side of S Washington St just east of 1st Ave S
  - In the red-striped no parking zone on the north side of S Washington St just west of 1st Ave S
- Typical construction hours are 7 AM – 5 PM, Monday - Saturday
- Expect nighttime work this week, 5 PM – 7 AM
- Expect typical construction impacts such as increased dust, noise, vibration, and truck activity

### Phase 2 of utility construction starts soon!

#### CONSTRUCTION INFORMATION SESSIONS NEXT WEEK

We're hosting 2 information sessions to provide multiple opportunities for people to attend. Both sessions will have the same information. Pick a date and location that work for you, then drop in to learn more.

**Tue, March 27: 4:30 – 6:30 PM**

Pike Place Market, Elliott Bay Room  
1433 1st Ave, 3rd floor

**Wed, March 28: 11:30 AM – 1:30 PM**

Pike Brewing Company  
1415 1st Ave

### What to expect the week of March 25

**S JACKSON ST FROM OCCIDENTAL AVE S TO 1ST AVE S and 1ST AVE S FROM S JACKSON ST TO S MAIN ST**

- Crews will continue installing the new water main and new water services. This work requires pavement breaking and excavation.
- In addition to our daytime hours, crews will be working at night Monday through Thursday to install water service connections across 1st Ave S. This work will require a closure of southbound 1st Ave S between S Main St and S Jackson St between 7 PM and 5 AM. During these hours, expect construction impacts usually associated with daytime construction, such as noise and vibration.
- Crews will be working Saturday, March 31, and Sunday, April 1, to install storm drainage, the new water main, and new water services. This work will require a closure between 7 AM and 5 PM of southbound 1st Ave S between S Main St and S Jackson St.
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

### 1ST AVE S FROM S MAIN ST TO S WASHINGTON ST

- This Saturday, March 24, crews will continue installing a vault on the east side of 1st Ave S just south of S Washington St
- Crews will continue installing the new water main in this block. This work requires pavement breaking and excavation.
- In addition to our daytime hours, crews will be working at night Monday through Thursday to install water service connections across 1st Ave S. This work will require a closure of southbound 1st Ave S between S Washington St and S Main St between 7 PM and 5 AM. During these hours, expect construction impacts usually associated with daytime construction, such as noise and vibration.
- Crews will be working Saturday, March 31, and Sunday, April 1, to install storm drainage, the new water main, and new water services. This work will require a closure between 7 AM and 5 PM of southbound 1st Ave S between S Washington St and S Main St.
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

### 1ST AVE S FROM S WASHINGTON ST TO YESLER WAY

- Crews will begin installing the new water main in this block. This work requires pavement breaking and excavation.
- Crews will also be staging construction materials and equipment
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

### INTERSECTION OF STEWART ST AND 5TH AVE

- Crews will conduct utility locating and surveying on Saturday, March 31, from 7 AM to 5 PM. Crews will likely continue this work Saturday, April 7 and Sunday, April 8.
- During this time, Stewart St will be reduced to two lanes of traffic at 5th Ave, and 5th Ave will be reduced to two lanes of traffic at Stewart St
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

## Other nearby work

### NIGHTTIME SEWER WORK AT 1ST AVE AND STEWART ST

Seattle Public Utilities (SPU) contractor crews are repairing a sewer pipe at the intersection of 1st Ave and Stewart St. This work began March 14, and the contractor will return to the site the week of March 26 to finish the project. In all, the work will take about 7 working days to complete, but it will be spaced out due to the nature of the project. Work will occur at night to limit traffic impacts in the area. What to expect:

- The center northbound lane of 1st Ave near the intersection of 1st Ave and Stewart St will be closed at night when crews are working
- Traffic at the intersection of 1st Ave and Stewart St will continue to flow in all directions
- Traffic delays and parking restrictions may occur when crews are working
- Work hours are at night, Monday through Thursday, from 7 PM to 7 AM
- The area will be fully open when work is not being conducted

### WORK BY PUGET SOUND ENERGY AT 1ST AVE AND CHERRY, MARION, AND COLUMBIA STREETS

Through April, Puget Sound Energy (PSE) will continue work to relocate a natural gas main along 1st Ave between Cherry and Columbia streets. This work will primarily involve laying pipe, backfilling, and paving. There will also be breaking and digging at the intersection of 1st Ave and Columbia St. In addition, crews will continue work to relocate a natural gas main from Columbia St to Marion St. This work will include breaking, digging, and laying pipe. Excavations will be covered by steel plates to allow traffic during off-construction hours. Work hours:

- 7 PM – 6 AM weekdays
- 7 PM – 5 AM and 9 AM – 3 PM weekends
- Weekend work will take place primarily during the day. Some additional nighttime work may be necessary.

To learn more about the PSE work, visit: [www.pse.com/seattlecore](http://www.pse.com/seattlecore) or call the PSE hotline at **888-404-8773, ext. 1**.

The Center City Connector will connect the 2 existing streetcar lines to move more people downtown to live, work, shop, and play. For more info or questions about construction, contact us at [centercitystreetcar@seattle.gov](mailto:centercitystreetcar@seattle.gov) or our 24/7 hotline, (206) 400-7578.
