

## CENTER CITY CONNECTOR STREETCAR

Thank you for your interest in the Center City Connector Streetcar. In this weekly update, you'll find information about ongoing construction for the 1st phase of utility work in Pioneer Square.

### **Northbound lanes closed along 1st Ave between Yesler Way and Columbia St**

Starting Monday, April 30, from 7 AM to 3 PM, crews will close both northbound lanes along 1st Ave between Yesler Way and Columbia St. Closing both northbound lanes allows space for crews to perform utility locating work safely and efficiently. Detour signs will be posted.

### **Utility construction in Pioneer Square: What to expect the week of April 29**

#### **1ST AVE S FROM S KING ST TO S JACKSON ST**

- Crews will continue installing storm drain pipes. This work requires pavement breaking, sawcutting, and vacuum excavation.
- Expect construction impacts such as increased noise, vibration, dust, truck activity, and exhaust

#### **S JACKSON ST FROM OCCIDENTAL AVE S TO 1ST AVE S**

- Crews will be replacing a sewer maintenance hole on S Jackson St. This work will require a sewer bypass with a pump and generator operating 24 hours per day for up to one week. Crews will mitigate noise. This equipment will be located on S Jackson St just east of 1st Ave S. There may be a slight potential for odor in this area. Bypass piping will be routed on S Jackson St from Occidental Ave S to 1st Ave S.
- Crews will continue installing storm drainage. This work requires pavement breaking, sawcutting, and vacuum excavation.

- Crews will continue removing the temporary water main
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

### 1ST AVE S FROM S JACKSON ST TO S MAIN ST

- Crews will continue installing storm drainage. This work requires pavement breaking and vacuum excavation.
- Crews will continue removing the temporary water main
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

### 1ST AVE S FROM S MAIN ST TO S WASHINGTON ST

- Crews will continue installing a side water main and water service connections. This work requires pavement breaking and vacuum excavation.
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

Dismantling temporary water main on 1st Ave S

### 1ST AVE S FROM S WASHINGTON ST TO YESLER WAY

- Crews will continue installing water service connections. This work requires pavement breaking and vacuum excavation.
- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

### 1ST AVE S FROM YESLER WAY TO CHERRY ST

- Crews will begin potholing to confirm utility locations. This work requires sawcutting and excavation.
- Northbound lanes will be closed along 1st Ave between Yesler Way and Columbia St. Detour signs will be posted.

- Expect noise and vibration, as well as typical construction impacts such as increased dust, truck activity, and exhaust

## ONGOING IMPACTS

- Temporary closure of southbound 1st Ave S between Yesler Way and S Main St weekdays, 9:30 AM – 3 PM
  - These closures are expected to continue until mid-May
- Intermittent lane closures on S Jackson St, S Main St, and S Washington St for water main and drainage construction
- Northbound lane closures on 1st Ave S between S Jackson St and Columbia St
  - We anticipate northbound 1st Ave S between S Jackson St and S Washington St to reopen to traffic in mid-June. We'll provide more information in this weekly update and on our **website** as we know more.
- Westbound lane closure on S Jackson St between 2nd Ave S and 1st Ave S
  - By the end of May, we expect to reopen traffic lanes on westbound S Jackson St between 2nd Ave S and 1st Ave S. We'll provide more information in this weekly update and on our **website** as we know more.
- Permanent parking removal along both sides of 1st Ave S between S Jackson St and Yesler Way
- Long-term temporary parking and load zone restrictions:
  - On the north side of S Jackson St between Post Alley and 1st Ave S
  - On the south side of S Main St just east of 1st Ave S
  - In the yellow-striped load zone on the north side of S Washington St just east of 1st Ave S
  - In the red-striped no parking zone on the north side of S Washington St just west of 1st Ave S
- Typical construction hours are 7 AM – 5 PM, Monday – Saturday. Construction-related noise may be heard as early as 6:30 AM as crews refuel equipment and begin staging for the day.
- Occasional nighttime work
- Typical construction impacts such as increased dust, noise, vibration, and truck activity

## Other nearby work

WORK BY PUGET SOUND ENERGY ALONG 1ST AVE BETWEEN CHERRY

## AND COLUMBIA STREETS

Puget Sound Energy (PSE) is working to connect a new natural gas main to the existing system along 1st Ave. Work includes:

- Testing new pipeline at the intersection of 1st Ave and Columbia St
- Backfilling and paving along 1st Ave between Cherry St and Yesler Way. A short detour to 2nd Ave for southbound traffic is still in place.
- Relocating the service regulator vault on the east side of 1st Ave, between Cherry and Columbia. PSE anticipates completion of this work by the end of next week.

For work hours and days, please refer to PSE's project website.

To learn more about the PSE work, visit [www.pse.com/seattlecore](http://www.pse.com/seattlecore) or call the PSE hotline at **1-888-404-8773, ext. 1**.

For more info or questions about construction, contact us at [centercitystreetcar@seattle.gov](mailto:centercitystreetcar@seattle.gov) or our 24/7 hotline, (206) 400-7578. For more information about the project, please visit our [website](#).
